

Productronica 2023 - Invitation for trade fair for electronics development and production at the New Munich Trade Fair Centre - November 14 -17, 2023

Dear Sir or Madam,

We would like to avail the opportunity to invite you to the international leading trade fair at the New Munich Trade Fair Centre.

We are looking forward to seeing you at our stand no. 370 in hall B4.

There we present Force Gauges, Test Stations and Test Systems as well as test fixtures, tools and accessories for pull, press, bend, elongation and break tests, as well as digital microscopes for optical quality control in all areas of material testing, production control, quality assurance and incoming inspection.

We look forward to presenting our latest developments in test device controls as well as heavy-duty testing machines and testing tools to you at the trade fair.

Our qualified personnel present to you the measuring instruments and testers of our product range, respond your questions around our measuring instruments and testers, test fixtures, customer-specific applications and solutions, accessories, data evaluation and software.

Feel free to make an appointment by phone (+49 (0)30 766 89 381) or by email (sales@MIT-Tester.de).

If you desire a free voucher for a day ticket for your visit to the fair please just contact us at sales@MIT-Tester.de.

We are looking forward to your visit.

Kind Regards
